Lucas Bennett

Demand Generation Manager

Denver, Colorado | lucas.bennett@example.com | linkedin.com/in/lucas-bennett-demand

PROFILE

Demand-generation manager with nine years of experience in B2B technology, including account-based programs, events, and pipeline operations. Effective with Sales alignment and reporting; paid-channel experimentation has generally been supported by agencies.

EXPERIENCE

Demand Generation Manager

SignalForge, Denver | February 2021 - Present

- Lead demand generation for an industrial analytics platform with an average enterprise sales cycle of six months.
- Built an account-based program for 220 target accounts that contributed $8.1M in sourced and influenced pipeline in 2024.
- Established a monthly pipeline review with Sales, including stage conversion, account engagement, and follow-up ownership.
- Manage an agency relationship for paid search and LinkedIn while owning briefs, budget pacing, and performance reviews.

Senior Field Marketing Specialist

DataSpan, Denver | May 2018 - January 2021

- Produced executive roundtables, partner webinars, and regional events that generated 340 sales-accepted leads over three years.
- Created campaign kits for account executives and introduced post-event nurture journeys in Pardot.
- Tracked campaign costs and sourced pipeline in Salesforce and presented quarterly results to the VP of Marketing.

Marketing Coordinator

BlueMesa Cloud, Denver | June 2015 - April 2018

- Coordinated content, webinars, and partner communications for a cloud infrastructure business.
- Maintained event calendars, lead imports, and campaign documentation.

EDUCATION

BA, Communications - Colorado State University, 2015
